

# Screen Shot Comparisons: Zimbra Web Client vs. Outlook Web App

7/25/13

Options Comparison OWA and Zimbra.

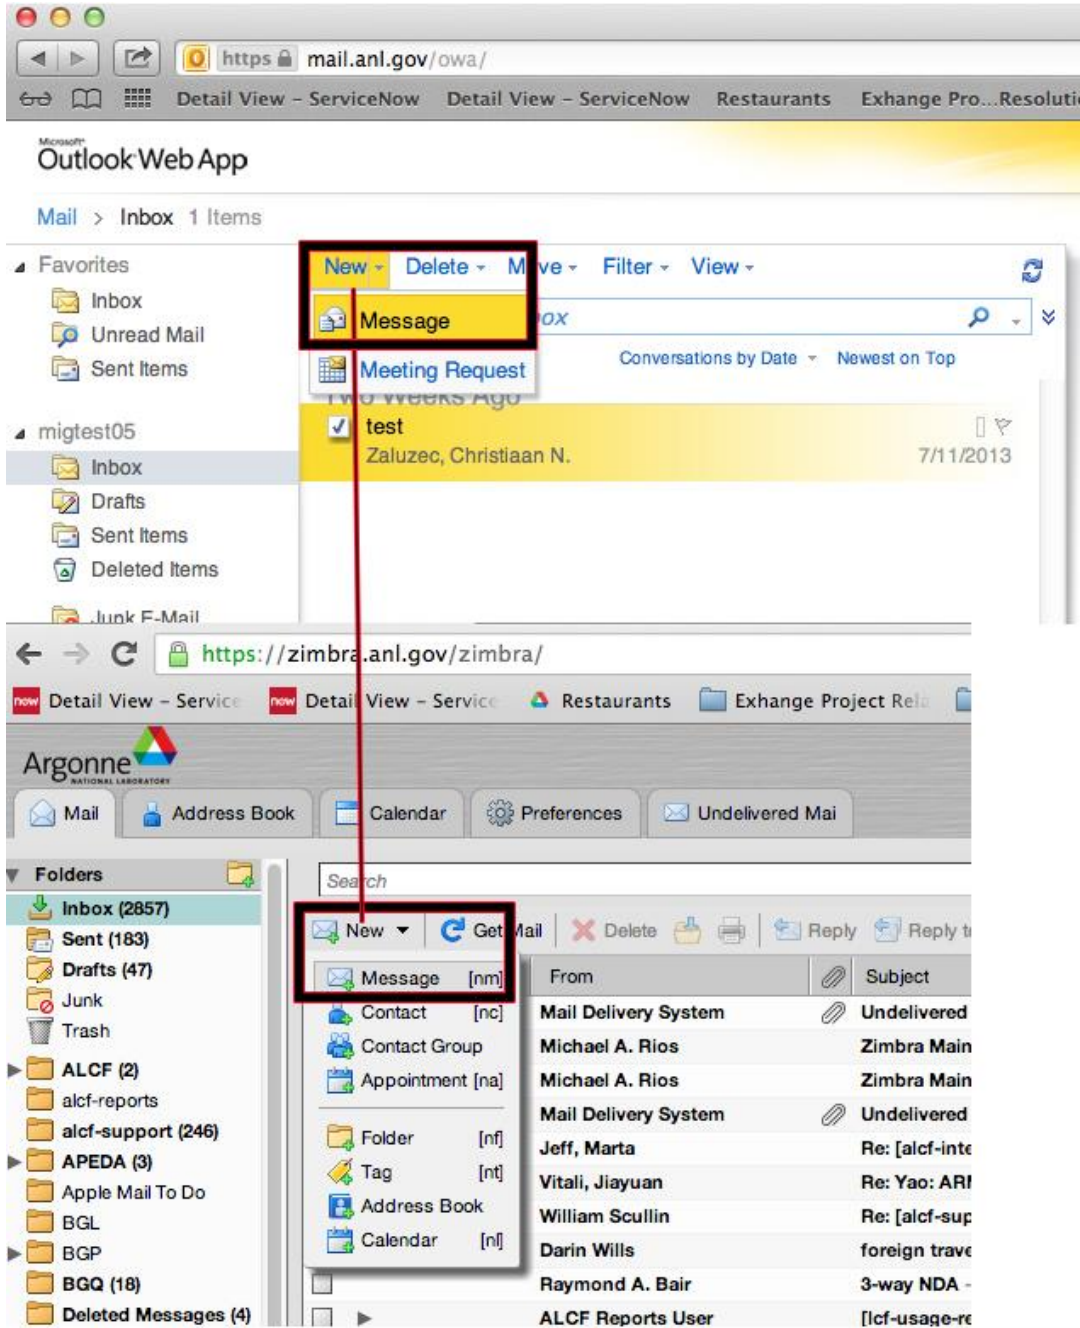

The image displays two screenshots side-by-side to compare the options menus of Outlook Web App (OWA) and Zimbra Web Client.

**Outlook Web App (Top Screenshot):** Shows an email interface with a message from Christiana Zaluzec. A purple box highlights the 'Options' menu, which includes 'Set Automatic Replies...', 'Change Your Password...', 'Create an Inbox Rule...', and 'See All Options...'. A red arrow points from the 'See All Options...' link to the Zimbra screenshot below.

**Zimbra Web Client (Bottom Screenshot):** Shows the 'Preferences' menu. A purple box highlights the 'Preferences' link in the top navigation bar. A red arrow points from the 'See All Options...' link in the OWA screenshot to this 'Preferences' link. The 'Preferences' menu is expanded, showing a list of options including 'General', 'Mail', 'Composing', 'Signatures', 'Accounts', 'Filters', 'Trusted Addresses', 'Address Book', 'Calendar', 'Sharing', 'Notifications', 'Mobile Devices', 'Import / Export', 'Shortcuts', and 'Zimlets'.

## Zimbra Sent Items vs OWA Sent Items

## Search Address Book Outlook and Zimbra

The top screenshot shows the Outlook Web App interface. The 'Search Contacts' input field is highlighted with a red box. Below it, a message states 'There are no items to show in this view.' The bottom screenshot shows the Zimbra interface. The search bar in the 'Address Books' section is highlighted with a red box, and the results area below it displays 'No results found.'

## Calendar Comparison Zimbra and Outlook

The left screenshot shows the Zimbra calendar interface. The 'Calendar' button in the top navigation bar is highlighted with a red box. A red arrow points from this box to the 'Calendar' button in the bottom right corner of the Outlook Web App screenshot on the right. The Outlook Web App screenshot shows a weekly calendar view for July 2013, with a 'Reminders' panel on the right side.
