## Exporting and Importing Message Rules in Apple Mail on Mac OS 10.7 or later

## 6/10/13

1. Switch to the Finder

2. While holding down the option key click the "GO" menu and choose "Library".

l	Go	Window Help	
	Back Forward		¥[
4			爰]
er	En	closing Folder	187
	📕 All My Files		企業F
	ß	Documents	<b>企業O</b>
		Desktop	企業D
	0	Downloads	\C ₩L
		Home	<mark>ፚ</mark> ፝ ස H
it		Library	
n		Computer	<u></u> ት እር ,
b	-	AirDrop	企器R

3. Browse to the Mail $\rightarrow$ V2 $\rightarrow$ Maildata folder

4. Select the MessageRules.plist and Messagerules.plist.backup. hold down the option key, then drag them to your desktop to make a copy.

5. Once you have reconfigured your Apple mail Client to connect to your Exchange mailbox, drop these files back into Mail $\rightarrow$ V2 $\rightarrow$ Maildata folder
